Government Letter, Public Works/ Department No. 630-36-E (I) dated the 3rd August 1950.

Government Resolutions, Public Works Department No.

9437/36 dated the 12th April 1949, No 630/36, ~~xxx~~
dated the 9th October 1942, No. 630/36, dated
the 1st November 1947, No. 9437/36, dated the
25th October 1949, No. 630/36-II, dated the
6th July 1949 and No. 630/36-II dated the
16th March 1950,

Regarding Professional Examinations.

No. 99146/42627-E,

Labour and Housing Department,

Bombay Castle, 7th October 1950.

Forwarded with compliments to the Rationing Officer
(Iron and Steel), Bombay, with reference to his No. 3977/E, ~~xxx~~
dated the 4th September 1950.

2. The orders contained in the Government Letter, Public
Works Department, No. 630/36-E (I), dated the 3rd August 1950,
are also applicable to the selected executive Engineers and
Deputy Engineers allotted to the Iron and Steel
Organization. The Rationing Officer (Iron and Steel) is
therefore requested to report to this Department immediately,
the necessary details regarding qualifications, date of
appointment, etc, regarding cases of the type mentioned
in the concluding portion of Government Letter, Public
Works Department, No. 630/36-E (I), dated the 3rd August
1950.

Office of the
Director of Agriculture, B.S.,
Poona, 1 29 September 1950.

To

The Secretary to Government,
Public Works Department,
Secretariat, Bombay.

Subject:- Professional examination of the
Provincial Service Officers of the
Public Works Department.

Reference Government circular Public Works Department, No. S.
55/2/56943, dated the 16th August, 1950.

There are at present only five Sub-Divisions in the Lift
Irrigation Section (Civil) of this organization. ~~xxxx~~ Few of the
Deputy Engineers holding charge of these Sub-Divisions and one working
as a technical assistant in this office, are candidates selected by
the Public Service Commission and allotted by Government directly
for appointment as temporary Deputy Engineers/Irrigation Section
(Civil), they are engaged on the construction of Government sponsored
Lift Irrigation Schemes and in some cases they also look to the work
of investigation and preparation of plans and estimates of the
Co-operative Lift Irrigation Schemes. As all the Deputy Engineers are
thus engaged on exactly- identical works, it ~~xxxx~~ is not possible
to chalk out any programme for them so^a as to enable them to obtain
sufficient experience of the routine working of the regular Sub-
-Divisional charges of the Public Works Department. It would therefore
appear preferable that they be examined in the construction and
maintenance of Lift Irrigation Schemes as one of their subjects at
the above examination or, as an alternative, I suggest that
Government may allot to ~~this~~ this organization, Deputy Engineers, who
have already passed their Professional examination, to replace the
present Deputy Engineers, who may then go over to the Public
Works Department where they can obtain the necessary ~~was~~ training and
experience of regular Sub-Divisional charges.

/ In this
organisa-
tion. Since
their joining
the Lift.

Sd/-

Joint Director of Agriculture
(Engineering),
Bombay State, Poona , 1.

S.55/2/80722.

P. W. Deptt.

E. B. (I).

The Joint Dir. of Agriculture (Engrg.) states that five Tempy. Dy. Engrs. recruited by this Deptt. and allotted to the A. & F.D. are working under him. All of them have to pass the Prof. Exmn. prescribed for Dy. Engr. In the circumstances stated in his letter under disposal the Joint Dir. says that it is not possible to chalk out any programme of their (Tempy. Dy. Engrs) posting so as to enable them to obtain sufficient experience of the routine working of the regular Sub-Dnl. charges of the P.W.D. as directed in G.C., P.W.D., No. S. 55/2/56943, dated 16-8-50. The Jt. Dir., therefore, suggests that the Dy. Engrs in question may either be examined in the construction and maintenance of Lift Irrig. Schemes as one of their Subjects at the Prof. Exmn. or they may be transferred to hxx the P.W.D. in order to enable them to obtain the necy. training and experience of regular Sub-Dnl. charges and the Dy. Engrs. who have passed the Prof. Exmn. may be posted in their place in the Lift Irrign. Section.

2. Please see Rule 9 of the Rules for the Prof. Exmn. of Dy. Engrs. of the B.S.F., Class II, which contains the syllabus for the said examn. There seems to be no objection to accept. the first suggestion of the Joint Dir. of Agriculture. If so, the Subject "Construction and Maintenance of Lift Irrign. Schemes" may be added to the subjects mentioned in Clause (b) of Rule 9 refd. to above in U.O. consultation with the P.& S.D. if, however, it is decided to accept. the second suggestion of the Joint Dir. of Agriculture then the question of transferring the five Dy. Engrs. in question to the P.W.D. and posting substitutes in their place will be considered further.

Id/-

12-10-50.

Thro' Dy. Engr. (I).

Irrigation as a subject includes lift irrigation Schemes also except probably mechanical part thereof. If this view accepted then the alternative proposal about transfers....

transfers may be accepted.

Id/-

13/10/50

As far as possible addition of a subject in the syllabus is not advocated as it leads to complications in appointing the examiners, setting papers etc. We may however agree as a special case with the Jt Dir. of Agr. (Engr)'s suggestion to include "construction and maintenance of Lift Irrign Schemes" as one of the subjects for the Proff. examination.

Government of Bombay.
Public Works Department.
Resolution No. 630/36.
Bombay Castle (Bombay No. 1),
29 th November 1950.

Letter No. EST -I/ Eng. /Engix/x E 47/106, dated the 29th
September 1950, from the Joint Director of Agriculture
(Engineering) as under :-

" Reference Government circular Public Works Department,
No. S.55/2/56943, dated the 16th August 1950.

There are at present only five Sub-Divisions in the Lift
Irrigation Section (Civil) of this organisation. Four of the
Deputy Engineers holding charge of these Sub-Divisions and
one working as a technical assistant in this office, are candidates
selected by the Public Service Commission and allotted by Government
directly for appointment as temporary Deputy Engineers
in this organisation. Since their joining the Lift Irrigation
Section (Civil), they are engaged on the construction of
Government sponsored Lift Irrigation Schemes and in
some cases they also look to the work of investigation
and preparation of plans and estimates of the Co-operative
Lift Irrigation Schemes. As all the Deputy Engineers are thus
engaged on exactly identical works, it is not possible to chalk out
any programme for them so as to enable them to obtain sufficient
experience of the routine working of the regular Sub-Divisions
charges of the Public Works Department. It would therefore
appear preferable that they be examined in the construction and
maintenance of Lift Irrigation Schemes as one of their subjects at
the above examination of, as an alternative, I suggest
that Government may allot to this organisation
Deputy Engineers, who have already passed their professional
examination, to replace the present Deputy Engineers, who may then
go over to the Public Works Department where they can obtain

xxxxxxxxxx

the necessary training and experience of regular Sub-Divisional charges."

RESOLUTION:- Government is pleased to direct that the subject "Construction and Maintenance of Lift Irrigation Schemes" should be included in the syllabus for the Professional Examination of Deputy Engineer of the Bombay Service of Engineers, Class II. The * accompanying amendment should accordingly be made in the Instructions and Rules regarding the Professional Examination of the Officers referred to above printed, as an accompaniment to Government Resolution, Public Works Department, No. 630/36, dated the 9th October 1942.

P.M. MANE.
B.E., B.S.E.(I), A.M.I.E.,
Executive Engineer (Civil-1).

D.O. No. c/G-36 (I) 25546
Electric Grid Offices,
Mercantile Bank Building,
Fort,
Bombay : 27 October, 1950.

Subject: Professional Examination.

Reference : Government letter No. S.55/2/78815-E (I)

Dated 29th September 1950.

Dear Shri Jeglekar,

In the Government letter mentioned above, it has been stated that the three Assistant Engineers namely, Shri Agaskar, Shri Harwadkar, Shri Virginkar of the Electric Grid should be examined in accordance with the instructions and rules accompanying G.R. No. 630/36 dated 2nd February 1949. Para 2 of instructions accompanying this G.R. says that the Assistant Engineers should be examined in 1) Accounts and rules etc. of the P.W.D. 11) The Indian Electricity Act (1910) Rules and the Indian Electricity Supply Act 1948. It is pointed out that these rules do not lay ~~down~~ down that the Assistant Engineers in question should be examined in general engineering and also in one of the selected civil engineering subject.

I think this
is the correct
position

Id/-
28/10

2. Of these three Assistant Engineers, Shri Agaskar is a permanent Deputy Engineer recruited directly by the P.W.D. under the guarantee and the other two have been recruited by the P.W.D. as temporary Deputy Engineers and allotted or transferred to the Electric Grid. As such, I ~~think~~ believe that all these three Assistant Engineers should be examined ~~xxx~~ in exactly the same way as the permanent deputy Engineers or assistant engineers in the P.W.D. proper in accordance with the orders issued in G.R. P.W.D. No. 9437/36 dated 12th April 1949.

3. I think that in addition to the examination as for Deputy ~~Eng~~ or Assistant Engineers in P.W.D., these three Assistant Engineers may have to appear in the Indian Electricity Act (1910) Rules and the Indian Electricity Supply Act 1948 under Rule 15 of the Rules accompanying G.R. No. 630/36 dated 2nd February 1949.

Pl. examine
& put up
without
delay.

Id/- 28/10

The examination...

The examination in the latter ~~can~~ be taken up either jointly with the ~~general~~ departmental examination mentioned above or separately later according to the desire of the candidates concerned.

4. Kindly therefore look into the matter and advise whether the presumptions made above are correct. If so, revised order of Government may have to be issued.

E.B (D)

With compliments ,

Yours sincerely

~~xxx~~ Sd/-

26/10/50

Shri K.V.Joglekar, B.S.E. (I).,

Deputy Secretary to Govt.,

Public Works Department,

Secretariat, Bombay.

P. W. D.E.B. (I).

The procedure and the rules laid down by G.R. No. 630/36, dated the 2-2-49, are in respect of the professional ~~examination~~ examination of the Ex. Engr. and the Asstt. Engrs. directly recruited for the Electric Grid and appointed on contract basis. They do not apply to the Ex. Engrs., Asstt. Engrs. and the Dy. Engrs. transferred to the El. Grid from the regular P.W. D. The officers of the regular P.W.D., who are transferred to the El. Grid and who have passed the professional examination laid down by G.R. No. 630/36, dated the 9-10-42, (as amended from time to time) are ~~exempt~~ exempted from appearing from all subjects laid down for the prefl. examn. prescribed for the officers in the El. Grid except the Indian Electricity Act, 1910 and Rules and the Electricity (Supply) Act, 1948, and the Rules thereunder (when framed)-
vide Rule 15 of the Rules reg. the Prefl. Examn. of the officers in the El. Grid laid down by G.R. No. 630/36, dated the 2-2-49. It will accordingly be seen that the Ex. Engrs. and Asstt. and Dy. Engrs. appointed in the regular P.W.D. and transferred to the El. Grid have to pass the professional examination laid down by G.R. No. 630/36, dated the 9-10-42, for the B.S.E., ~~Ex~~ Class I, Class II, officers, if they have not already passed, and in addition they have to pass the examn. in the Indian Electricity Act, 1910, and Rules and the Electricity (Supply) Act, 1948, and the Rules thereunder (when framed). In view of this and as the three Dy. Engr. (who are appointed as Asstt. Engrs. in the El. Grid) ~~ref.~~ to in the D.O. under disposal are transferred temporarily from the regular P.W.D., they will have to pass the prefl. examn. in two parts as presumed by Shri P.M. Mane, Ex. Engr. (Civil-1) in his D.O. The presumptions may accordingly be confirmed as per draft D.O. put up for approval.

Id/-

26-11-50.

Braf

14

Id/-
21-11-50

Draft may issue

Learned

It is not quite clear why the Dy Engineers
learned from the P.W.D. should have to pass in Electricity Rules
& Act. This may however be taken up for consideration in due
course.

Id/-

D.O. No. 630/36-E (I).

Public Works Department
Secretariat.
Bombay, 22nd November 1950.

Dear

Reference: Your D.O. No. C/G.-36(I)/25546, dated the 27th
October 1950.

Your presumptions that Shri G.B. Agaskar, Shri G.V. Herwadkar
and M.V. Virginkar, Deputy Engineers who are transferred from the
regular Public Works Department to the Electric Grid and appointed^u
as Assistant Engineers, have to pass the professional examination
prescribed for the Deputy Engineers according to Government
Resolution No. 630/36, dated the 9th October 1942, as amended
from time to time, and in ~~addition~~ addition ~~in~~ in the Indian
Electricity Act, 1910, and Rules and the Electricity (Supply)
Act, 1948, and the Rules thereunder (when framed), according to
Rule 15 of the Rules regarding the Professional Examination of the
Officers in the Electric Grid Department laid down by Government
Resolution No. 630/36, dated the 2nd ~~January~~ February 1949, are
correct.

Yours

11
Below Government U.O.R. P.W.D.

No. 630/36/88802 dated the 8th December 1950 regarding professional examination.

Electric Grid Officers.

The Civil Engineers of this Department have to deal with the Civil works of the department as a whole and not only Buildings and Roads. Those employed on Sub-station structure, transmission and distribution lines will benefit greatly by knowing the contents of the Indian Electricity Act and Rules; in fact they will feel handicapped without this knowledge. This argument does not of course apply to the officers who are temporarily posted to the department but to these direct recruits or loaned by the Public Works Department who have more or less a ~~Departmental~~ permanent stake in the Electric Grid Department.
